## THE INDEPENDENT.

**THE LARGEST, ABLEST, CHEAPEST, AND MOST POPULAR RELIGIOUS AND FAMILY NEWSPAPER**

## IN THE WORLD.

Its corps of editors and contributors is larger than that of any other weekly journal published, of any description, in this country or Europe. Its departments embrace a much wider field than those of any other paper.

It is a bold, unsectarian, religious weekly newspaper.

It asks and has the support of Christians of all denominations, of every name.

Its sect is humanity, its creed is Christianity, its field is the world, and its mission—as far as it can do so—will be to preach the Gospel to every creature.

Its editorial columns are awake to every question of public interest.

Its Christian liberality and entire freedom from all sectarian entanglements make it popular with all true friends of religious and moral progress the world over.

Its impulsive and steadily growing circulation make it the best medium for the best writers to present their best thoughts to the people.

Its religious intelligence is gathered from every sect organized and every language spoken.

It gives a weekly special digest of the news from every missionary field—not waiting to collect the same from any missionary monthly organ.

The weekly department of School intelligence is of the highest value to all interested in that spot and important department of Christian labor.

It is the enemy of all intolerance in every way.

Its Scientific Department is acknowledged to be the ablest and most comprehensive in the country.

Its Music and Art Department are among the best and most popular features of the paper.

Its financial columns cover and embrace all commercial and monetary interests—both inland and imperial.

Its carefully-prepared Weekly Dry Goods Report is regarded as authority in all business circles, and is more quoted and copied than that of any other newspaper.

Its Markets Report of Grain, Cotton, Sheep, and all other produce of farmers and planters are under the special charge of the ablest and best writers.

Its correct weekly "Prices Current" is alone worth the price of the paper to every family.

Its Farmers' and Gardeners' Department is crowded weekly with important agricultural matter, adapted to the practical wants of all who till soil or beautify the ground.
